Fees

The indicative fee for processing an application to use alternative documents is \$184. This is based on the hourly rate of \$184 per hour (including GST) and has to be paid before the Transport Agency starts work on the application.

There are a variety of circumstances that might affect the final fee charged by the Transport Agency. Circumstances include the complexity of the issue, uniqueness of the application or whether the investigations or analysis involved with the application has already been largely completed as part of a previous application.

The Transport Agency will advise the applicant if the fee for processing the exemption is going to be more than the indicative fee.
