
TECHNICAL NOTE 1

Issued 8 August 2017

Effective from **22 August 2017**

ShinMaywa tipper bodies fitted to new trucks imported from Japan (and first registered in New Zealand)

Vehicle inspection requirements manual reference

- Heavy vehicles 3-1 Structure

Application

Under the Land Transport Rule: Heavy Vehicles 2004, a modification or repair that affects the vehicle structure must be inspected and certified by a heavy vehicle specialist certifier (HVSC).

Any of the vehicles listed in the table below can be accepted as meeting this requirement and do not need to be certified by an HVSC.

Table 1: Vehicles fitted with ShinMaywa tipper bodies that do not require an LT400

MAKE	MODEL
Isuzu	NLR
Isuzu	NPR
Isuzu	NQR
Isuzu	FRR

ShinMaywa tipper bodies will be fitted with a plate as shown in the sample below.

This will be added to the **VIRM: In-service certification (WoF and CoF)** at the next amendment.

The list of technical notes can be found on the [Vehicle inspection portal Technical notes](#) page.
