

Use this form to apply for Category A left-hand drive vehicle permit for a specified class MA vehicle that is less than 20 years old.

Important information

- If the application is approved, an entry certifier is required to validate the vehicle and permit against records held in the NZ Transport Agency Waka Kotahi (NZTA) electronic system. Please note that there may be a delay in entry certification and the validation process.
- A maximum of 500 Category A left-hand drive vehicle permits will be granted in any one year.
- A Category A left-hand drive vehicle must be border inspected and/or certified for entry into service in New Zealand within six months of the date of issue of a Category A left-hand drive vehicle permit.

Before you apply for a permit, you should consider the following factors:

- The matters to be considered before a permit can be granted are set out in law. This means permits are not automatically granted.
- The law does not provide for a permit to be granted on the basis of inconvenience or hardship.
- The fee is non-refundable, regardless of whether your application is granted or declined. It covers the cost of processing your application.
- Waka Kotahi is not obliged to grant a permit if it is not considered appropriate to do so.
- Waka Kotahi may impose conditions to any permits issued.
