3-3 Establishing whether the vehicle may be inspected for alternative fuel system certification

Before a vehicle can be inspected for the purpose of alternative fuel system certification it must meet one of the following requirements:

- a) the number on the registration plate(s) must be the same as that stated on the licence label, and the label must correctly describe the vehicle and be current, or
- b) the number on the registration plate(s) must be the same as that stated on the licence label, and the label must correctly describe the vehicle and must not have been expired for more than 12 months or the vehicle de-registered.
