

Correct as at 5th June 2026. It may be superseded at any time.

Extract taken from: In-service certification (WoF and CoF) > Motorcycles > Lighting > Side-marker lamps

4-8 Side-marker lamps

Reasons for rejection

Prohibited equipment

1. A motorcycle is fitted with a side-marker lamp (Note 1).

Note 1

Only certain heavy trailers and vehicles with a length of 6 m or more may be fitted with side-marker lamps.

Note 2 Definitions

Position lamp means a low-intensity lamp that is designed to indicate to road users the presence and dimensions of a vehicle, being:

- a) a forward-facing position lamp (front side lamp), or
- b) a rearward-facing position lamp (rear side lamp or tail lamp), or
- c) a side-marker lamp, or
- d) an end-outline marker lamp (including cab roof lamp).

Side-marker lamp means a position lamp designed to be fitted to the side of a vehicle or its load.

Summary of legislation

Applicable legislation

- [Land Transport Rule: Vehicle Lighting 2004](#)

Prohibited equipment

1. A motorcycle must not be fitted with side-marker lamps (Note 1).
