

Correct as at 28th June 2026. It may be superseded at any time.

Extract taken from: Entry certification > Introduction > The inspection and certification process > Issuing the WoF or CoF label ('evidence of vehicle inspection')

5-11 Issuing the WoF or CoF label ('evidence of vehicle inspection')

Refer to the [VIRM: In-service certification, section 3.8](#).

Important: if a vehicle is unregistered, the WoF or CoF label must be completed with the VIN or chassis number, rather than the vehicle registration number, recorded on the reverse side of the label.

A CoF can be issued to unregistered vehicles only when all entry, specialist certification (such as towing connections) and in-service certification (including CoL, when applicable) requirements have been met.

Page amended 28 October 2023 (see [amendment details](#)).
