

## 30 April 2024 VIRM amendments in effect

The **30 April 2024** VIRM amendments are now in effect. You can view the changes in a single document by clicking the relevant link below.

Remember to update your *Master records: Technical information* record to confirm you have read and understood the changes.

These changes are driven by an amendment to the Land Transport Rule: Vehicle Exhaust Emissions 2007. Other parts of the VIRMs will be affected, but we're starting with the most important content and will work through the rest. We'll continue to communicate further changes to the impacted audiences.

### **VIRM: Entry certification**

#### **Summary of changes:**

- Extensive changes to our emissions requirements guidance, primarily 11-2 Exhaust emissions and Technical bulletin 28.
- Removing Reference material 43.
- Minor changes to supporting pages.
- Removing some wording about quarantine from 1-10 Vehicle rechecks, to align with the *VIRM: Light vehicle repair certification*.

### **VIRM: Entry certification (new light vehicles)**

#### **Summary of changes:**

- Updating tables and definitions on 2-1 Standards compliance.
- Shifting the definition of new model and existing model vehicles on that page to a separate note.
