

1 April 2024 VIRM amendments in effect

The **1 April 2024** VIRM amendments are now in effect. You can view the changes in a single document by clicking the relevant link below.

Remember to update your *Master records: Technical information* record to confirm you have read and understood the changes.

VIRM: In-service certification

Summary of changes:

- Aligning fog lamp requirements with headlamps, especially around LED conversion kits
- Adding specific guidance on wheelchair stowing devices, incorporating the advice we issued last year

[December 2023 letter to IOs and VIs](#)

- Updating descriptions of wheel bearing condition, to help detect worn components
- Small wording changes and a new sample image for Technical bulletin 16
- Aligning PSV seating requirements for wheelchair restraint systems with legislation
- Updating RfR wording about an insecurely mounted engine or gearbox to include other driveline components.
