What you need to do

From 1 October you'll need to use new forms, which have minor design changes, for all inspections carried out after this date (apart from rechecks, see note below).

[Order new forms and labels from Blue Star](#)

Waka Kotahi compliance visits after 1 October will check the right forms or labels are being used.

Returning old stock

You can return all old stock (including part books) to Blue Star for a full refund by ordering a prepaid courier bag on the Blue Star portal.

Please note:

- Check sheets aren't changing and you don't need to return them.
- Please remove and retain used carbon copy pages of Certification and WoF/CoF books before returning part books.
- Please retain one WoF book for rechecks, broken windscreens, etc.

Grace period for rechecks

If you inspected a vehicle before 1 October and the customer comes back for a recheck after 1 October, you can use the old label or form to complete the inspection process.
