

13 December repair VIRM amendment available now live

The 13 December 2017 VIRM: Light vehicle repair certification amendment is now live.

In this amendment:

- New instruction on what to do if no LANDATA record is available or if you are unable to key in the NOTES screen.
- Deviations from Table 9-1-1 are no longer considered by the Transport Agency.
- Updated water and fire damage process and contact details.
