

Windows Vista and XP not supported

Microsoft no longer support Windows Vista or XP. This means these systems are no longer secure and **not acceptable to for connecting to Transport Agency systems**. If you are still using Vista or XP you **must** upgrade to Windows 7 or later. Browser must be Internet Explorer 10 or 11.

Connections to Transport Agency systems are monitored. Any site continuing to us Vista or XP after 1 August 2017 may have their access to the Agency systems blocked until upgraded.

If you have any questions call the contact centre on 0800 108 809.
