

## WoF/CoF inspector delegation and recheck changes

In light of the Alert Levels put in place by the New Zealand Government in response to Covid-19, Waka Kotahi NZ Transport Agency has worked with the inspection industry to smooth the road back to compliance for vehicle and licence owners.

Part of that work has related to the inspection industry's ability to inspect vehicles due for Warrants of Fitness (WoFs) or Certificates of Fitness (CoFs).

Waka Kotahi has approved some activities to be temporarily extended by allowing otherwise qualified vehicle inspectors (VIs) to inspect some aspects outside their usual appointment.

You can read the new VIRM [technical bulletin and associated flowchart](#) to learn more about the delegation changes and the changes to recheck times.
