

Delivery delays – labels and forms

Orders of inspection products such as WoF labels, CoF labels, LT400s and other forms are taking longer than usual due to the courier network capacity being stretched.

Please allow 3–5 days for delivery of your order. We recommend placing your orders well before you run out of stock to allow for this extra time. We apologise for these delays, and while this is outside of our direct control please be assured that we are actively working to support you through this challenging time.
