

## 4 November 2025 (WoF and CoF)

### VIRM: In-service certification (WoF and CoF) amendment - effective 3 November 2025

Section	Change description
<a href="#"><u>Introduction 3-1 Duties and responsibilities</u></a>	Deletion of incorrect sentence regarding where information about conditions is located.
<a href="#"><u>Introduction 7 Definitions and abbreviations</u></a>	Electronic brake systems (EBS) definition added.
<a href="#"><u>General vehicles 9-1 Steering systems</u></a>	Drive/steer by wire systems do not need an additional means of steering if they have been entry certified to either 70/311/EEC or UN/EVE Regulation 79.
<a href="#"><u>Motorcycles 5-3 Windscreen wipe and wash</u></a>	No change to inspection requirements, but addition of 'or any vehicle of class LE' to summary of legislation 3 and 4.
<a href="#"><u>Heavy vehicles 12-3 Drawbeam</u></a>	A coupling must have a fail safe system that prevents unintentional release of an air operated coupling device.
