

## We've moved the Vehicle Inspection Portal to a new web platform

We've moved the Vehicle Inspection Portal to a new web platform.

The look and feel of the VIRM and current functionality of the portal is the same and the PDF maker remains in place.

Web page addresses (URLs) are the same.

Links for PDFs, like exemption and application forms, have changed. You'll need to update your bookmarks/favourites.

We've also made a couple of minor changes to the layout:

- Inspection news has moved from under the 'News' tab to its own tab 'Inspection news'.
- The 'Forms' section has been simplified and is now on one page.

For any issues, please email [specialistchannels@nzta.govt.nz](mailto:specialistchannels@nzta.govt.nz) with VIRMs or Vehicle Inspection Portal in the subject line.
