

## VPN certificate update on 19 September 2026

**VPN users:** we're replacing VPN certificates at the end of the day on 19 September 2026.

**If you use the VPN**, the next time you log into the VPN after the change, you'll see a pop-up window warning you about the new certificate.

Click **Yes** to continue connecting to the VPN. You only need to do this once.

If you have problems connecting to the VPN, check if the pop-up window is hiding in the background behind your other windows.
