67 Sample UK V308 registration document

Registration details can be printed or hand-written.

Recent sample

<p>Driver & Vehicle Licensing Agency</p> <p>Registration document</p> <p>Personal Export or New Means of Transport This document is issued to new vehicles purchased under a "Personal Export" or "New Means of Transport" scheme, issued under the Road Vehicles (Registration and Licensing) Regulations 2002. It contains the registration and taxing details of the vehicle and the name and address of the registered keeper. These vehicles may be used on UK roads for a limited time prior to export.</p> <p>Registration</p> <p>1 The registered keeper is responsible for making sure the vehicle is properly registered, taxed and insured. The registered keeper is not necessarily the owner of the vehicle and is liable for the vehicle until we are told that it has been sold, transferred, scrapped or reported. This is known as continuous registration.</p> <p>2 A vehicle bought for export is given a vehicle registration number from the 'XA - XJ' series. If you are considering having the vehicle registration number security-etched on the window of the vehicle, you need to be aware that these vehicle registration numbers are issued on a temporary basis. The vehicle registration number cannot be kept if circumstances change and the vehicle is not exported. This also applies, if the vehicle is imported back to the United Kingdom (UK).</p> <p>3 Any changes to the vehicle's registration details, for example where a vehicle is moved from one manufacturer to another or if you wish to change its name and address details on page 7, must be notified immediately by filling in new name and address details on page 7 and returning this document to DVLA. You must tell us about any change in using the vehicle which may affect the tax class. You should enter any change of address details in the next available space on page 7 then send this document to DVLA where it is registered.</p> <p>3/19</p>	<p>4 If you can't export the vehicle within the required time, for example because it has been stolen, involved in an accident and written off, or if you decide not to export the vehicle, you must tell the DVLA by returning the registration document to DVLA, Swansea, SA6 7JL. You must also notify HM Revenue and Customs that the vehicle has not been removed from the UK and send a copy of this registration document to the address below. This will allow them to assess the VAT and/or duty liability. HM Revenue and Customs, Personal Transport Unit, Customs Belfast, Level 9 Doncaster House, 52-58 Great Victoria Street, Belfast, BT2 7JW.</p> <p>5 Keep this document safe. If the document is lost, you should tell DVLA immediately. You will also need to apply for a duplicate.</p> <p>What happens next</p> <p>6 The police and/or the Department for Transport may need to inspect your registration document at any time. You should not keep the document in the vehicle or with the driver (except when the vehicle is taken abroad).</p> <p>7 When the vehicle is taken abroad:</p> <ul style="list-style-type: none"> - on a temporary visit, the registration document should be available for inspection by the Customs Officer when leaving and returning to the UK. - permanently, the registration document should be available for inspection by the customs officer at the port. After customs clearance, the 'exporter' must complete all required information on page 4, sign and return the tear-off section to DVLA. <p>Exemption from vehicle tax</p> <p>8 New vehicles bought under the Personal Export and New Means of Transport schemes are exempt from paying vehicle tax.</p> <p>Insurance</p> <p>9 It is a serious offence to drive without valid insurance. You must have valid insurance before you drive any motor vehicle on the road. If you find this document please hand it in at any police station or send it to the Specialist Registration Team, DVLA, Swansea, SA6 7JL.</p> <p>Page 2</p>	<p>Registration details</p> <p>A Registration number</p> <p>B Tax class PERSONAL EXPORT</p> <p>C.1 Make SWIFT</p> <p>C.2 Type L</p> <p>Variant RSDAC</p> <p>Version FCAA</p> <p>D.3 Model VOYAGER 584</p> <p># Colour GREY/WHITE</p> <p>F3 Type of fuel DIESEL</p> <p>E VIN/chassis/frame no.</p> <p>F5 Engine no.
